**SECTION I – INTRODUCTION****I.1 THE COMPANY**

Established in 1992, Al Bani General Contracting and General Maintenance stands as a premier civil contractor in the UAE, boasting a proud history of success across a diverse array of projects. Over the years, we have proudly undertaken and successfully delivered a multitude of projects spanning various facets of the construction industry. From essential infrastructure to intricate steel structures, from heavy civil works to specialized concrete projects, our portfolio speaks volumes about our commitment to quality.

Al Bani stands as a trusted partner for both private and government sectors alike. Our unwavering commitment to providing top-notch services and uncompromising quality has earned us the trust and loyalty of our valued clients.

Certified to ISO 9001, ISO 14001, and ISO 45001 standards, Al Bani expresses its commitment to the management of quality, environment, and occupational health and safety.

Proudly holding a "Classification – Category 2" rating from the Department of Economic Development Abu Dhabi, Al Bani is recognized for its capacity to handle substantial and valuable projects with proficiency and reliability.

At Al Bani, our success is driven by a dynamic team of experienced engineers and skilled manpower. Coupled with modern machinery and plants and latest methodologies, we are equipped to tackle a diverse range of construction projects with high quality and efficiency.

Our expertise spans across various sectors, including:

- **Building Construction:** Commercial, Residential, Industrial, and Healthcare facilities.
- **Infrastructure Works:** Aircraft Hangars, Railway Facilities, Water Reservoirs, and District Cooling Plants.
- **Multi-storey Car Parks.**
- **Non-destructive Road Crossings/Tunnels.**
- **Reinforced Concrete Works.**
- **Civil Works Maintenance.**
- **Supporting Heavy Civil Engineering Contractors:** Providing specialized services in quay walls, concrete works, formwork, reinforcement, and more.

At Al Bani, we are not just building structures; we are shaping communities, enhancing connectivity, and laying the foundation for a sustainable future. With every project we undertake, we strive to set new standards of excellence, leaving a lasting legacy of quality and innovation.
